Dear Parents/Carers

**Re: virtual lessons timetable**

Over the last two weeks we have conducted a number of lessons as part of a trial for online lesson delivery. This has enabled us to develop our practice and test our IT systems. I would like to thank all pupils and staff who have been involved in this trial.

Please find below our timetable for virtual lessons, starting next Monday, 6<sup>th</sup> July. **Students will need to log into Show My Homework** where details for the lessons will be published (exact timings, equipment needed, etc.). Please also note that the timetable may change at short notice, depending on staffing requirements: staff will be in school delivering lessons to Year 10 and 12 and supervising key worker and vulnerable students.

In order for pupils to participate in virtual lessons safely, it is essential they follow these very important instructions:

- Pupils must dress appropriately for the lesson.
- Pupils, and any other persons present, must not use inappropriate language
- The chat function in lessons must only be used for the subject matter in hand
- Pupils must not 'screenshot' or record any of the lessons
- All other relevant school rules will apply, just like in normal lessons.

Other safeguarding considerations:

- Lessons will never be one to one
- Lessons will be recorded and stored securely on the school's cloud-based storage
- If during a lesson you have concerns regarding a member of staff then this can be reported to: [help@swracademy.org](mailto:help@swracademy.org)

*Any serious breaches of these instructions may result in pupils having access to Teams and Office 365 restricted.*

Finally, please bear with us if we encounter any teething problems. As we become more experienced in this way of teaching we will continually refine our practice to improve our online delivery. Thank you for your support.

Yours sincerely

Steve Grant  
Deputy Headteacher
