

Tuesday 15th September 2020

Dear Parent/Guardian,

We are really excited this year to be working with NCS to provide our Year 12 students with a bespoke programme of events to blend the traditional NCS activities with wider skills for success. During the Autumn term this exciting opportunity will give our students the chance to develop essential teambuilding, communication and leadership skills. These skills will give them a valuable advantage when writing their CV or applying to university next year, as well as supporting them to succeed in their studies during their time at Sixth Form.

In order to ensure that NCS have the correct details for each student to participate, you or your child will need to complete a form online. Please visit wearencs.com and click the 'Sign Up' tab. Please complete the form and select the following programme:

Departure location	Date	Course
Sir William Robertson Academy, Welbourn	23/09/2020	Sir William Robertson Academy, Welbourn - Bespoke Programme

Once this is done, you will receive a link to complete a medical form which must be completed before any students can participate. You may later receive a call from NCS to confirm they have received the correct information if your child has specific support or medical needs. Please make sure these are clearly stated when you complete the form.

We look forward to our Year 12s participating in this fantastic opportunity.

Yours faithfully,

Miss C. Wilson
Head of Sixth Form
Sir William Robertson Academy
